

Fiche méthodologique — Présentation orale d'une notion

10 min.	SÉLECTION DE LA NOTION + PRÉPARATION	
5 min.	PRISE DE PAROLE EN CONTINU	
INTRODUCTION		
Notion	The notion I have selected is the notion of → This notion can be defined as →	The Idea of Progress [Definition of the notion]
Topic	In that context, I would like to talk about the topic of →	[Introduce the topic] → Living unplugged
Issue	... and I would like to discuss the following issue →	Could we imagine life without technology?
Outline	So, my presentation will be divided into [2/3] parts: • First (of all)... / To begin with... / To start with... • Secondly... / Then • Thirdly • Lastly... / Finally	1 - Circumstances when people experience life without modern technology 2 - How people react when they are unable to use modern technology for a period of time
CORE OF THE PRESENTATION	[ADD AN ARGUMENT] In addition... / Besides... Moreover... / Furthermore... / What's more... [GIVE A COUNTER-ARGUMENT] On the one hand... • On the other hand... Although... / Even if... Nevertheless... • However... [GIVE EXAMPLES] Let's take an example (to back this up) ... For example... / For instance... / ... such as... /like... Indeed, ... [REFORMULATE YOUR IDEAS] In other words... / To say it differently...	<i>The core of your presentation should be well structured with examples based on the documents you have studied.</i> <i>Remember these principles while delivering your presentation:</i> <input type="checkbox"/> take your time, do not rush <input type="checkbox"/> be dynamic <input type="checkbox"/> maintain eye contact <input type="checkbox"/> modulate your voice <input type="checkbox"/> keep to your structure <input type="checkbox"/> use your notes as a reference but don't read
CONCLUSION	In conclusion / To conclude this presentation... To sum up... / In a nutshell...	[Summarize your ideas] [Give your opinion about the issue]
5 min.	PRISE DE PAROLE EN INTERACTION	
DIALOGUE	[INVITING QUESTIONS] Can I answer any questions? / Do you have any questions? Now, I am ready to answer your questions.	<i>Get ready to answer questions</i> <i>Maintain the dialogue dynamic and explanatory.</i>

OUTLINE

Part 1 - Circumstances when people experience life without modern technology

- 1.a) Situations when people are forced to live without technology (hurricanes, blackouts)
- 1.b) Situations when people decide to live without technology (to live off the grid, to unplug)

Part 2 - How people react when they are unable to use modern technology for a period of time

- 2.a) Positive aspects (solidarity, more natural and healthier lifestyle, ...)
- 2.b) Negative aspects (anxiety, fear of missing out, getting disconnected from others)

DOCUMENTS STUDIED

PICTURES : Photographs - Street pictures after hurricane Irma + House with solar panels (off the grid)

VIDEO : News segment - "Millions without power in Southwest" (Blackout)

TEXT : Internet forum - "Testimonies : personal experience of a blackout"

PICTURE : Humorous photograph - "No WIFI, Talk to each other"

TEXT : Article - "Students Unplug"

Tests:

VIDEO : Testimony - "A couple shares their experience living off the grid"

TEXT : Excerpt from a novel - "Sunset Park " by Paul Auster
